## ALL REDONDO CELEBRATES

### Thousands Visit Our City to See Uncle Sam's Magnificent Battleships.

A perfect morning, a blue sky and a bluer ocean, calm and still as glass, with an eager, anxious populace watching from the hills and the wharves, were most auspicious for the arrival of the Fourth Division of the big Atlantic fleet at Redondo on Easter morning.

At about 7:15 o'clock the flagship Alabama was first seen rounding Point Vincent. The other three battleships of the Fourth Division and the four ships of the Third Division followed in single file. Then in a short time the ships wheeled about and four abreast came shoreward. Again making a turn the eight beautiful battleships steamed north in single file up the bay. A bomb was fired by way of salute for each battleship as it passed Wharf No. 1.

After parading up the bay several miles the Fourth Division ships returned to Redondo and by 8:45 the Alabama had anchored and in a few minutes the Kearsarge, Illinois and Kentucky also anchored, all lying about 500 feet from the shore.

Soon after the tug Redondo carried the officers and the reception committee of the Chamber of Commerce to the flagship, and Admiral Charles S. Sperry and his officers and men were welcomed to Redondo.

The gentlemen who welcomed the officers were C. H. Burnett, H. H. Markham, W. J. Hess, O. C. Hinman, L. A. Groff, L. J. Quint, N. F. Wilshire, W. T. Maddox and L. T. Garnsey.

Mr. Burnett introduced Judge O. C. Hinman, who informally welcomed Admiral Sperry and his men to our city.

Following this the four big battleships were opened to the eager crowd waiting on shore to visit the ships.

A detachment of 200 men from each ship came ashore and went to Los Angeles to attend Easter services in a body.

From the time the ships began receiving visitors until 5 o'clock, when they were closed, the decks of the ships were black with visitors and many were unable to go on board, owing to lack of facilities for transporting them.

The Easter concerts in the afternoon and evening in the Pavilion by the Schoneman-Blanchard orchestra were not the least important features of the day. At the afternoon concert Miss Adele Hauxhurst sang, "Fear Ye Not, Oh Israel," which number received great appreciation from the audience.

Mrs. C. H. Johnson sang "Easter Dawn," and afterwards, as an encore "Face to Face." Mrs. Johnson was in good voice and as usual pleased her audience immensely.

At the evening concert Mrs. Johnson and Miss Hauxhurst sang a beautiful duet, "The Lord is My Shepherd," and were compelled to sing an encore.

On Monday as on Sunday large crowds came in on all of the railroad lines but as more launches had been secured by Superintendent Maddox of the railway company, no difficulty was experienced in handling the crowds visiting the ships.

The officers were escorted by a committee of citizens to the power plant, the Carnation Gardens and to Clifton. In the afternoon the band of the Alabama gave a delightful concert in the Pavilion. The ball team of the Alabama and the Hermosa team played, the latter winning by a score of 6 to 8.

Monday evening the residents and visitors to the city were treated to a rare sight, the illumination of the ships and the searchlight drill. The four ships outlined against the black of the sky and ocean, with hundreds of incandescent light, the search lights flashing over the heavens and the fire works display from the wharf combined to make an inspiring sight.

Following the illumination an informal dance was given in the Pavilion to the men of the Fourth Division.

Tuesday the crowds coming to visit the ships from the interior were even greater than on Sunday. The day was a holiday at Riverside for the residents of that place to visit the fleet and the Santa Fe brought in specials from Riverside, Redlands and Los Angeles, while the electric cars brought about 8,000 passengers.

Again many were unable to visit the ships and watched from the wharf, with longing eyes, although the launches carried about 4,000 an hour to the ships.

The ball game by the team of the Illinois and the Gardena boys resulted in a victory for the Gardena by a

score of 5 to 6. The game was closely fought and required twelve innings to secure a decision.

### BANQUET AT HOTEL

#### Many Prominent Men of the Navy, Army and Business World Present.

The most brilliant event of fleet week in Redondo was the banquet at Hotel Redondo followed by the ball at the Pavilion given by the Chamber of Commerce to Rear Admiral Charles S. Sperry and staff.

The decorations in the dining room were dainty lilies of the valley, foliage and ferns. The toasts of the evening were informal and the entire evening was thoroughly enjoyable to the guests present.

The guests were the following naval officers:

Rear Admiral Charles S. Sperry. Captain Ten Eycke De W. Veeder. Captain John M. Bowyer. Captain Hamilton Hutchins. Captain Walter C. Cowles. Lieutenant D. W. Wurtsbaugh. Ensign Halsey Fowell.

The guests from Los Angeles were: Lieutenant General Adna R. Chaffee, Lieutenant General S. B. M. Young, A. L. Selig, A. A. Hubbard, Thomas Early (of Pasadena), Colonel R. H. Herron, Frank Simpson, J. J. Byrne, W. G. Barnwell, C. D. Daggett, Lee C. Gates, C. D. Sargent, H. Loewenthal, J. A. Anderson, A. B. Cass, C. W. Pendleton, W. G. Kerckhoff, James A. Gibson, W. F. Montgomery and Mayor A. C. Harper.

The members of the Redondo Chamber of Commerce present were:

C. H. Burnett, E. A. McCarthy, L. A. Groff, L. T. Garnsey, H. B. Rollins, L. G. Garnsey, Dr. E. H. McMillan, C. W. Grassel, S. D. Barkley, E. L. Christman, C. A. Calloway, N. Bonfillo, Waldo Norris, C. A. Henderson, A. L. Walton, G. J. Kuhrt, Dr. R. D. Hancock, C. O. Demsey, M. J. Hutchinson, F. L. Perry, R. E. Matteson.

A musical program was rendered by the Schoneman-Blanchard orchestra, and during the banquet the guests sang "America," "The Red, White and Blue," "Marching Through Georgia," and "Dixie Land."

President C. H. Burnett of the Chamber of Commerce acted as toastmaster and proposed toasts to the army, the navy and the flag.

Mr. Burnett welcomed Admiral Sperry as follows:

"We are fortunate in having at Redondo Beach not only the vessels with the largest guns in the navy, but we are especially fortunate in having them under the command of an admiral who is one of the most distinguished in the navy, and perhaps the most interesting and eminent officer with the fleet at present, for upon him will devolve the responsibility of supreme command upon a cruise to which the cruise thus far has been merely a prelude, and upon which he will be called upon to represent this country in the ports of Australia, the Orient and Europe.

"Fortunate, indeed, are we to have the privilege of knowing and entertaining a man who is about to be entrusted by his government with such an important mission, and fortunate indeed is that government that the mission is to be given to one whose great ability, charming personality, polished diplomacy and illustrious record fit him so admirably for the part he is to play, and in which he will reflect such credit upon the uniform he wears, the service he adorns and the nation he represents.

"We are also fortunate in having with us to aid in doing honor to our naval guests many eminent residents of the neighboring cities of Los Angeles and Pasadena, which have been aptly described as two of the most charming suburbs of Redondo Beach, and we are especially happy in having the company of two distinguished officers of the United States army.

"Napoleon said that every soldier of the legion carried a marshal's baton in his knapsack, and it is equally true that every private in the United States army may rise to the rank of lieutenant-general, but it is also true that few ever do rise to that rank. I believe it is a fact that only two men have ever possessed the necessary ability, perseverance and military genius to achieve such remarkable distinction, and we cannot be too proud of the fact that both of these men are our guests this evening.

"In the home of Lieutenant-General Chaffee in Los Angeles, there are many interesting and beautiful things from all parts of the world, but the most interesting and beautiful to my mind (with the exception of the general and his charming family), is a small note which hangs in a modest frame in the library. This note was written at the time General Chaffee received his commission as lieutenant-general, from General Young, who preceded him in that rank. As nearly as I can remember, it reads about as follows:

"Private Young presents his compliments to Private Chaffee, and begs

## ENTIRE FLEET AT REDONDO

### The Sixteen Battleships of the Fleet Will Maneuver Here Saturday Morning.

Redondo is to witness the parade of the entire fleet before the departure of the battleships for the north Saturday morning. At 6 o'clock Saturday morning the ships of the Third Division will leave Venice to join the Fourth Division here. At the same time the ships of the First and Second Divisions will leave San Pedro and Long Beach for Redondo. The battleships of the Third and Fourth Divisions will then move to the deep water between wharf 1 and 2 and the First and Second Divisions will parade in review before the Third and Fourth Divisions. The entire fleet will then parade up the bay on their way north.

### WEATHER CONDITIONS

#### STOP FLEET VISITORS.

Many thousands of visitors to Redondo were disappointed Wednesday in not being able to go aboard the battleships on account of the rough sea.

Early Wednesday morning white caps appeared on the sea, in contrast to the placid waters of Tuesday, which was a day of unusual beauty here. By ten o'clock, the time for receiving visitors on the ships, the ocean was so rough as to make it unsafe for the launches to land. Nearly 400 launch tickets which had been sold were refunded and many thousands more would have been sold if the launches could have transported the people.

Officers and sailors on shore were unable to get aboard their ships and on the other hand many anxious officers and men on the ships were unable to come ashore to fulfill engagements.

The concert by the Kearsarge band and the ball game by the Kearsarge and Redondo teams were necessarily abandoned and the visitors to the beach had to content themselves with dancing and music, which was provided by the management in the Pavilion in the afternoon.

About one hundred members of the Kentucky Society had come down to visit the battleship Kentucky, but these people were disappointed also. A beautiful floral tribute of red, white and blue flowers, in the form of a horseshoe, which was to have been presented to Captain Walter Cowles by the members, was later sent to him.

### YOUNGEST MAN WITH THE FLEET

Arthur M. Ellis, aged 16 years, a son of Prof. Ellis of Birmingham, Ala., is the youngest enlisted man with the big fleet. Young Ellis is on the Louisiana, stationed at San Pedro, and many members of the Alabama society from Redondo, Los Angeles and other places are showering attentions on him, the youngest man of the fleet.

### OHIO'S NEEDLESS TRIP.

People watching the battleship Ohio steam past Redondo and later in the evening back again to Venice wondered at the movements of the big battleship, the cause of which has leaked out.

Supplies had been received at San

Pedro for the Ohio, and instead of sending them on a barge to Venice, where the Ohio is stationed, through some misunderstanding on the part of the younger officers, a wireless message was sent to the Ohio ordering her to come after the supplies. The immense battleship, obedient to orders, excused herself from her guests at Venice, so to speak, and left for San Pedro.

Admiral Sperry, learning of the mistake, at once wired from Los Angeles to the Ohio to remain at Venice, but the battleship had started on her way.

### MARINE DROWNS IN OCEAN.

#### Top Soldier Jenkins Jumps Into Water From Wharf No. 1 Wednesday Night.

An unknown marine jumped from the end of Wharf No. 1 Wednesday evening about 8 o'clock and was drowned. The man was seen to jump by Miss Kate Wilcox, another young woman and a sailor. Miss Wilcox notified the night watchman on the wharf at once, and she and the sailor standing by quickly threw life preservers to the drowning man, which he was either unable or unwilling to grasp.

In response to pistol shots fired by the watchman several men ran to the end of the wharf and Frank Palmer quickly stripped off his clothes and descending on a rope, tried to rescue the man.

Young Palmer caught hold of the fellow, who fought desperately and finally wrapped his arms and legs about Palmer, holding him tightly. Frank then pulled himself free and again grasped the man. Through misunderstanding his calls, the men above lowered instead of raising the rope and both Palmer and the marine were dashed against the piles, knocking the man loose from young Palmer's hold. He went down for the third time and disappeared.

It is thought by many that the young fellow suicided, as he seemed to fight his rescuer with a desperate effort.

It is supposed that the man was a top soldier, Jenkins, of the marine corps of the Alabama. It was stated by those who saw the man drown that he was a marine of the Alabama. The only missing man at roll call on the Alabama Thursday was Jenkins, and it is supposed he was the man drowned.

### THREE LAUNCHES LOST WEDNESDAY.

Three small launches were washed ashore Wednesday during the squall. The first to come ashore was the Sybil, a bum boat owned by a San Pedro company and stocked with oranges and other articles to sell to the men on the battleships. The engine became disabled and the engineer was unable to manage the launch in the heavy sea. The boat was dashed up on the shore just north of Wharf No. 1. Just before the boat capsized, the engineer seized a life preserver and jumped, coming in to shore. Oranges and provisions were scattered all along the beach and the ever present small boy had a feast of oranges for a time. The accident occurred at noon.

Early in the afternoon the beautiful new motor boat belonging to L. J. Norman, which he had built and launched only last Monday was dashed to pieces against the piles of the Pavilion. Nothing is left of the wooden structure of the launch but kindling wood, although the valuable engine was saved. Mr. Norman states that he will at once commence to build another boat on the same lines as the first, only the proposed boat will be larger.

The Sea Gull, another San Pedro bum boat, was entirely destroyed Wednesday afternoon about 4 o'clock. The launch was anchored near the end of wharf No. 2. The anchor chain was torn loose and the little launch soon broken to pieces, as it was dashed against the piles of the wharf. The provisions in this boat were all lost.

### BATTLESHIP IN WINDOW.

The battleship in the show window of George S. Funk & Son on Pacific avenue has attracted much attention by its ingenious construction. The battleship is constructed entirely of articles from the hardware stock of the firm and so cleverly arranged as to be a perfect imitation of a battleship. Tea strainers, sieves and like articles were used in the building, while large cartridges form the smaller guns and hose nozzles make very good 13-inch guns. The whole boat has an up and down motion, while a searchlight flashes and the turrets move in a very clever imitation of the real thing.

A neat imitation battleship is also displayed in the show window of the Coleman Grocery Company.

The art store of Helen D. Huston also has a clever battleship made up of articles from the stock.

## ALONG THE STRAND

### Flotsam and Jetsam of News Gathered From Near-by Beaches.

A number of the male population of Huntington Beach are anxiously looking for a German tailor, J. M. Heberle, who disappeared from that place recently. Heberle secured a number of orders from the young men of Huntington Beach for Easter suits. He also secured from each a deposit of ten dollars down. Now the tailor has disappeared, likewise the tens of the customers, but none of the Easter suits have materialized.

The Abbot Kinney Company has closed a contract for the lease of the auditorium on the Windward avenue pier, Venice, for a period of two years to Messrs. Hall and Silsenberger of Los Angeles. The new men assumed charge of this feature of the beach resort Monday, and announce it as being their purpose to provide a line of amusements and entertainments. A band will be installed as soon as the musicians can be assembled, and the weekly program will be arranged so as to include specialties, vaudeville acts, lectures, operas, musicales and such other attractions as may appeal to the pleasure-loving public.

Application has been made by W. M. Hunt, Jr., for permission to construct a wharf opposite Catalina avenue, at the town of Avalon, Catalina island. This application was received at the office of the United States engineers at Los Angeles. Captain Amos A. Fries, who has charge of that office, says concerning the proposed wharf: "Mr. Hunt has an interest in the larger glass bottom boats which are run at Catalina. I believe he wishes to run a line of steamers from San Pedro to Avalon, on Catalina island. Since he wants a good wharf to land at, he asks for permission to build one. The proposed site of the wharf is in that half of the water front at Avalon which was declared by the courts last fall to be free water front. The other half of the water front, between this street mentioned and high water mark, is owned by the Bannings, as declared by the courts at the same time."

### WATER POLO LEAGUE

The water polo teams of Redondo Athletic Club, Bimlin Baths, Los Angeles Athletic Association and Venice have formed a league known as the Southern California Water Polo League. The officers of the new organization are: President, L. A. Henry; vice president, J. Cox; secretary, A. L. Walton; treasurer, C. Collins.

Commencing Friday evening, May 1, the league will play a game each week until the team has played six games.

The first game will be May 1, at the Redondo Plunge between Redondo and L. A. A. A., and at Venice between Venice and Bimlin.

The game of polo is enjoying a high degree of popularity at the present, the contests being well attended and the enthusiasm running high over the spectacular plays and team work for which the game affords many opportunities. In the new league it is proposed to have each team play two games with each of its opponents, one contest at home, and the other in the opposing team's tank. This schedule would occupy about two months. The games that have already been played will not count in the league. Each team will start with a clean slate.

### WATER POLO GAME.

The water polo game played at the Plunge Wednesday evening was witnessed by a large number of enthusiastic spectators. The Venice and Redondo teams played and the home team won by a score of 5 to 0. The work of the home team was admirable. The line-up was:

Redondo—Goal, Lechner, Freeth, Walton; forwards, Lechner, Barton, Hodge.

Venice—Goal, Grey, Cox, Wild; forwards, Dolph, Howard, Woolacott.

### AGED WOMAN VISITS SHIPS.

Mr. and Mrs. G. W. Tweedy, Mrs. J. A. Garrison, Mrs. Dickerson, Mrs. Gilman, Mrs. Frank Garrison and Miss Johns of Rivera visited Mr. and Mrs. George Cate this week. Mrs. Dickerson, the mother of Mrs. J. A. Garrison, an aged woman of eighty-three years, was deeply interested in the battleships, having made the trip to see them.

## THURSDAY, APRIL 23, 1908.

We'll all see the parade of the big fleet on its departure Saturday, even if we have to stay up all night to do it.

Redondo appears once more to be under a lucky star. With all of the sixteen battleships of the Atlantic fleet maneuvering and parading about our bay, what more could we ask?

The decorations of the business houses and streets of Redondo Beach compare very favorably with any of the other "fleet" cities, while the warmth of her welcome to the sailor men, certainly cannot be exceeded.

Favorable comments on the excellent management of the Pavillon dances and entertainments by Ed. C. Thomas are frequently heard among the Redondo residents. His executive ability and diplomatic management of the dances is appreciated by those who remember the pavillon dances of former years.

The Souvenir Edition of the Reflex was issued Monday, and there has been a steady demand for copies. There yet remains plenty of them at this office, and those wishing to mail them to their eastern friends should call early and secure them. The price has been placed at five cents per copy, in order that all may secure a supply.

## A LESSON IN PATRIOTISM.

Those in attendance at the Pavillon concert Sunday evening were given a little lesson in patriotism, although it was done quite unconsciously by a young sailor. The orchestra played "The Star Spangled Banner" and at the first strain of the orchestra, a sailor seated at one end of the auditorium at once arose and stood at attention. For a few moments, those seated about him remained quiet, and then all arose and stood while the air was played.

## THOUSANDS VISIT SHIPS.

The following are the figures given out at the Wharf office of the crowds that were taken on the battleships this week: Sunday, 3,700; Monday, 3,500; Tuesday, 4,750. It is estimated that on Tuesday, the biggest day, over 10,000 persons were brought to Redondo over the various lines running into this place. The Los Angeles & Redondo road carried over 14,000 passengers on that day, which would mean that about one-half that number made the round trip.

## SCHOOL CHILDREN ON SHIPS.

Almost 200 school children were taken on board the Alabama Thursday morning. The children enjoyed the trip hugely. Large crowds from the interior visited the ships all day Thursday.

his acceptance of the accompanying pair of lieutenant-general's shoulder straps.

"What a magnificent commentary upon the opportunities open in this country to individual merit and ability, and how proud it makes us feel to know that the services rendered by both Private Young and Private Chaffee, in all ranks through which they passed, in times of war and in times of peace, in the field and in the courts of the monarchies of the old world, have shed only honor and glory upon the flag they upheld and the citizenship from which they sprang.

"Gentlemen, I have the honor to introduce to you first, Lieutenant-General Adna R. Chaffee, whom we are proud to claim as a Californian and a partial resident of Redondo Beach, and who will say a few words of welcome to Admiral Sperry and our other guests.

General Chaffee spoke entertainingly, comparing the navy of 1862 with that of today, and complimenting Admiral Sperry.

Rear Admiral Sperry responded to the toast, "The Army," as follows: "I was informed that this banquet was to be an informal affair and that no speeches would be expected, but I wish to say that the feelings which thrill me when I think of the army are sufficient inspiration for a brief address.

"I may say that the entertainment of myself and my men by the people of Southern California and Redondo is a revelation to my officers and myself.

"In no other port which we have visited have the sailors, especially, been given such wholesome entertainment. This fact alone is a matter of the utmost importance in the navy."

He spoke of his association with General Chaffee and General Young in the Philippines and of his high regard for both men.

General Young responded to the toast "Our Flag," in a happy manner and closed by reciting "The Irish Brigade," by Miles O'Reilly.

## SOCIAL FUNCTIONS FOR OFFICERS.

Many Home Parties Entertained by Society People of Redondo.

A number of small social functions are being given for the officers of the fleet and many residents are entertaining gay house parties.

Mr. and Mrs. Hamilton B. Rollins are entertaining a house party composed of Mrs. J. L. Sehon of San Diego, Mr. Doig of San Diego, Miss May Clark, Miss Katherine Clark, Miss Helen Wells, and Miss Lucille Chandler of Los Angeles. These guests and the following officers of the fleet were guests at a dinner given Monday evening by Mr. and Mrs. Rollins: Dr. Edgar L. Woods, Messrs. Halsey Powell, Gordon M. Haines, Arthur A. Garcelon, Jr., Bemis, Nichols and Bowdy.

Monday afternoon Captain John M. Bowyer, of the Illinois, entertained with a tea on board ship for his cousin, Mrs. Rufus Herron of Los Angeles and a party of about thirty society people from here.

Mr. and Mrs. E. A. McCarthy are entertaining the following house guests: Misses Grace and Katherine Mellus, Miss Louise Burke and Miss Huston Bishop.

Mr. and Mrs. McCarthy gave a dinner Sunday evening and one Tuesday evening for their house guests and several of the officers of the Fourth Division.

Mr. and Mrs. H. B. Ainsworth gave a dinner party Tuesday evening preceding the officers' ball at the Pavillon. The guests were: Mrs. Adna R. Chaffee, Mrs. S. B. M. Young, Miss Isabelle Buckley, Mr. Waldo Norris, and Mr. Maxfield. The various house parties attended the ball at the Pavillon.

## HANDSOME BALL AT PAVILION TUESDAY

A large number of society people from Redondo and Los Angeles attended the grand ball given at the Pavillon Tuesday evening by the Chamber of Commerce to Rear Admiral Sperry, his staff and officers of the Fourth Division of the Atlantic fleet.

Manager Burnett had tendered the private car "Redondo" to Admiral Sperry and his officers and early in the evening the car with the officers and many society people from Los Angeles arrived.

Owing to the banquet at the hotel, Admiral Sperry and his party did not arrive at the ball until late and the grand march was not held until after 10 o'clock. Previous to this, those present enjoyed informal dancing. The grand march was a pretty picture for the spectators, as the naval officers in their handsome uniforms and the elegantly gowned women formed the figures of the march. Rear Admiral Sperry and Mrs. Adna R. Chaffee led the march.

Mrs. Chaffee wore an elaborate gown of grey embroidered chiffon. Other guests were handsomely gowned and the ball was beautiful in every respect.

A number of people who entertained house parties were present with their guests. Among these were Mr. and

Mrs. Hamilton B. Rollins and party composed of Mrs. J. L. Sehon, Misses May and Katherine Clark, Helen Wells and Lucille Chandler; Mrs. H. B. Ainsworth and party, including General and Mrs. Adna R. Chaffee, Miss Isabelle Buckley, Mr. Waldo Norris; Mrs. and Mrs. E. A. McCarthy and party, including Misses Grace and Katherine Mellus, Louise Burke and Huston Bishop.

Punch was served throughout the evening and dancing continued until 2:30 o'clock.

Another important social event of the week will be the dance given at Hotel Redondo for the officers of the Fourth Division and the people of Redondo Friday evening.

## CHURCHES ENTERTAIN SAILORS.

A social will be given Thursday evening at the M. E. parsonage by the Epworth League for the sailors. A musical program, games and refreshments are planned for the evening.

A religious service was conducted Tuesday evening on the Kearsarge for the men on board ship, under the auspices of the Y. M. C. A. of Los Angeles.

REMARKS: The final examinations for the term will be held during the last month as follows: One examination per week shall be given in the Fifth, Sixth and Seventh grades, and two examinations per week, on separate days, in the eighth grade.

W. A. MULLINS, Superintendent.

A Woman Tells How to Relieve Rheumatic Pains. I have been a very great sufferer from the dread disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by O. P. Brady, druggist.

"Is it true that heat ascends?" "Oh, yes; that is why so many hot-headed men get cold feet."—Yonkers Statesman.

"Health Coffee" is really the closest Coffee imitation ever yet produced. This clever Coffee Substitute was recently produced by Dr. Shoop of Racine, Wis. Not a grain of real Coffee is in it either. Dr. Shoop's Health Coffee is made from pure toasted grains, with malt, nuts, etc. Really it would fool an expert—who might drink it for Coffee. No 20 or 30 minutes tedious boiling. "Made in a minute," says the doctor. Sold by Chrisman & Chrisman.

"I hear you have been hunting. Any luck?" "Yes; only one man mistook me for a rabbit, and he was a poor shot."—Chicago Record-Herald.

Whooping Cough. I have used Chamberlain's Cough Remedy in my family in cases of whooping cough, and want to tell you that it is the best medicine I have ever used.—W. F. Gaston, Posco, Ga. This remedy is safe and sure. For sale by O. P. Brady, druggist.

# NEWS OVER THE STATE

## Items of Interest Culled From the Newspapers of Southern California.

The plans for the new San Fernando school district building are now being exhibited. The building will probably cost from \$18,000 to \$20,000.

A movement looking to the organization of a branch of the National Rifle Association in Salinas is progressing favorably. Twelve names have been subscribed out of the twenty required. The riflemen expect to get eight more members and make application for admittance to the association to State Secretary C. J. Fuller, within a few days.

The exodus of Corona people to San Diego was so great as to create the impression that the town had been temporarily deserted. All the special trains beginning with Tuesday carried a large number of people bound for the coast and a sight at the grandest flotilla of war vessels the world has ever witnessed. Many Corona folks went to Newport to see the fleet as it passed that place. Others journeyed to Redondo.

Great excitement has been occasioned in the Sonora section by the discovery of tons of gold ore in the Pocket mine, located a mile north of Sonora, Cal. In the space of three days, O'Para brothers, who are operating the property, have taken out gold valued at \$200,000. The report is that the metal can be cut out with a cold-chisel and that there is more gold in the pocket than rock. The end of the precious metal is not in sight.

Hotel Bonita, at Arcadia, built twenty-five years ago, containing fifty rooms and entertaining thirty guests, was destroyed by fire Sunday morning. Ben Newman, the proprietor, estimates the loss at \$25,000. He carried insurance covering \$9,500 of this. The stock of liquors worth several thousand dollars, and \$2,500 worth of jewelry belonging to one of the women guests, were consumed by the flames. Newman will rebuild at once, and will erect a seventy-five room building of brick or mission style material.

A. K. Smiley, of Redlands, was the guest of honor at a luncheon given at the Sherman Indian school at Riverside last week by the superintendent, Harwood Hall. The luncheon was an elaborate one, all prepared by the Indian pupils, and plainly showed what effective training could do for the Indian. The music was also furnished by the Indian boys and girls. The luncheon favors were hand painted in water colors by the Indian girls. It was highly illustrative of the good work being done at the Sherman school, and was a memorable and happy occasion for Mr. Smiley who is a national Indian commissioner and much interested in their uplifting.

The Lincoln Park Improvement League again has taken up the project of having a bridge built across the Arroyo Seco. It is proposed to have the bridge built across the arroyo near the old Salt Lake bridge, just north of the ostrich farm, thus connecting Garvanza and South Pasadena. Ralph Rogers, Dr. E. N. Mathis and R. D. List were appointed by the league to hasten action in the matter. The Pacific Electric Company and the Salt Lake Railway Company will be asked to share a part of the expense of construction, and the remainder will be raised by subscription. The bridge will be used by the railway companies, as well as by teams and pedestrians. It is estimated that the bridge can be built for about \$12,000, and of this amount Ralph Rogers has offered to donate \$1,000.

The completion this week of the Sawpit canyon trail leading from Monrovia to Camp Rincon in the San Gabriel canyon, will establish the connecting link in a circular trail which will permit of a round trip from Monrovia to Azusa through the heart of the San Gabriel forest reserve. The trail is twenty-three miles in length from Monrovia to Azusa, and is built under the direction of Forest Supervisor Charleston. The work on the Roberts canyon trail was completed last winter, and the trail is in perfect condition. One of the uses to which the trails will be put is the transportation of men and supplies in times of forest fires. The rebuilding of the Mt. Wilson trail has proceeded under the direction of Supervisor Manning to a point a quarter of a mile above the quarter-way house. It is expected to finish to the half-way house by the middle of next week.

Eight thousand eucalyptus trees are to be set out at once on the 10 1/2 acres comprising the San Bernardino city water department's land holdings at the old city reservoir. The acres have already been prepared for the trees and arrangements to secure the necessary number have been completed. This important innovation is in direct line with the policy inaugurated by the Board of Water Commissioners, when the commission first took charge of the city's water sys-

tem, a policy which has for its purpose the idea of taking advantage of every resource, and placing everything on an income basis. Besides the grove at the reservoir, the commission will follow the same plan with the 22 acres comprising the Antil property. This land is now being plowed and the ground will be continually turned over until the spring of 1910, when it is thought that about all the salt and devil grass will have been destroyed, and gum trees will be set out. Within a few years not only will the lands be yielding rich returns in the underlying water strata, but the surface will also yield returns in timber.

Good progress is being made by the various committees in charge of arrangements for Brawley's first "Cataloupe Day," June 10. It is expected that excursionists may come from even a larger area than at first proposed, and that Arizona will furnish many visitors, as well as the coast country. One of the features of the day will be a band contest between some of the best bands of the southwest. Typical western sports and games are to be provided, and the free melon feast and barbecue give much variety to the day's events.

Weak women get prompt and lasting help by using Dr. Shoop's Night Cure. These soothing, healing, anti-septic suppositories, with full information how to proceed are interestingly told in my book, "No. 4 For Women." The book and strictly confidential medical advice is entirely free. Simply write Dr. Shoop, Racine, Wis., for my book No. 4. Sold by Pacific Drug Co.

It looks as if people had been unjust to John L. Sullivan all these years. He says he never smoked a cigarette. —Somerville Journal.

**Cured of Rheumatism.**  
Mr. Wm. Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by O. P. Brady.

Mrs. Newed—My husband never speaks a cross word to me. Mrs. Oldwed—Indeed! How long have you been living apart?—Chicago News.

**DON'T PUT OFF**  
For tomorrow what you can do today. If you put off buying a bottle of Ballard's Snow Liniment, when that pain comes you won't have any; buy a bottle today. A positive cure for Rheumatism, Burns, Cuts, Sprains, Contracted Muscles, etc. T. S. Graham, Prairie Grove, Ark., writes: "I wish to thank you for the good results I received from Snow Liniment. It positively cured me of rheumatism after others had failed." Sold by O. P. Brady, druggist.

Passenger—Are you goin' to hang about here all day, or what? Busman—If yer don't like it, yer can git off an' walk. Passenger—Oh, that's all right. I'm not in such a hurry as all that.—Punch.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative. The Restorative is a genuine tonic to tired, run-down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oftentimes weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days' rest will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by Pacific Drug Co.

**EUREKA!**  
Yes, I Have Found It at Last.  
Found what? Why, that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—Elder John T. Ongley, Rootville, Pa. For sale by O. P. Brady, druggist.

Color photography is never going to appeal very strongly to the man who has a red nose.—Washington Post.

Gentle and Effective.  
A well known Manitoba editor writes: "As an inside worker I find Chamberlain's Stomach and Liver Tablets invaluable for the touches of biliousness natural to sedentary life, their action being gentle and effective, clearing the digestive tract and the head." Price, 25c. Samples free. Sold, by D. P. Brady, druggist.

## HARDWARE AND BUILDERS' SPECIALTIES

### Out of Date Plumbing is Unhealthy

Plumbing fixtures and systems as made and installed some years ago were very efficient

at that time, but so many improvements have been made recently in sanitation that an old plumbing system is not only unsanitary, but is a menace to the health of the occupants of the house in which it is still in use.

### Is Your Plumbing Out of Date?

If so, the members of your household are constantly risking their health. Defective plumbing generates germ-bearing sewer gases which pollute the atmosphere and cannot help but be breathed by the occupants. Sewer gas is dangerous and the strongest constitution cannot long withstand its ill effects.

Let us examine the condition of your plumbing, in order to correct defective piping and install the best and most sanitary fixtures made, namely "Standard" Baths and One-piece Lavatories. "Standard" Ware is guaranteed. If this is done, your home will be healthy and more comfortable. Ask for booklet "Modern Home Plumbing."

#### ALL NIGHT DANCE.

Friday promises to be the biggest day of Fleet Week for Redondo. In addition to the program of games and sports, previously announced, an all-night dance has been arranged for Friday night, so that the dancers may see the battleships Saturday morning as they all assemble in the bay before their departure for the north.

The fact that all of the battleships can be seen here will bring many thousands to Redondo, while the program of Friday will also attract many here.

A five-minute car service on the Los Angeles and Redondo railway will prevail all day Friday and Saturday from 5 o'clock in the morning, and hourly service all night Friday, for the benefit of those wishing to see the departure of the fleet.

#### WANT MAGAZINES.

Dr. Ruth Sanderson, who has in charge the Sailors' Rest room at the Pavilion, earnestly requests that persons having magazines, whether of recent date or old, donate them for the use of the men. The sailors are anxious to take them with them for reading matter on their next long cruise.

The women of the W. C. T. U. have made several trips to the battleships and presented flowers to the sailors. The flowers were donated by the school children of the town.

### OUT WITH THE OLD— IN WITH THE NEW.

Monday Night Witnessed the Formal Transfer of Offices to Newly Elected Incumbents.

The old board of city trustees met last Monday evening in the new city hall and canvassed the returns of the election held the week before. Mr. Ainsworth was named as clerk. Messrs. Graham and Cleveland were named a committee to canvass the returns. The result was as announced last week, Messrs. Lechner, Hess and Barkley for trustees; Creller for clerk; Cate for treasurer, and Stanchfield for marshal.

President Quint announced the finding of the committee and declared the old board adjourned sine die.

City Clerk Barkley administered the oath of office to Clerk-elect Creller, who in turn took the oath of the others.

On motion of Mr. Barkley, J. I. Lechner was unanimously elected as president of the board of trustees. The bond of City Clerk Creller was presented for approval.

The resignation of City Attorney Arthur Wright was read and on motion, was accepted.

An application from F. L. Perry for the position of city attorney was read and on motion of Mr. Barkley his appointment was made, at a salary of \$50 per month.

Mr. Cleveland asked for a division of the motion, stating that while he favored the appointment of Mr. Perry, he did not favor the raise in salary from \$25 to \$50 per month.

The chair refused to honor the request for division of the question and a roll call showed 3 for and 2 against the original motion, Messrs. Barkley, Hess and Lechner voting aye, and Messrs. Cleveland and Graham voting no.

The bond of City Treasurer Cate was presented and this with Clerk Creller's bond, was referred to the city attorney for a report.

Adjourned.

### WILL MAKE HIS HOME IN REDONDO.

Mrs. R. H. Tatlow and daughter, Miss Alberta, mother and sister of Mrs. W. M. Browning, arrived here last week from Kansas City and will spend the summer in Redondo.

Mr. Tatlow will arrive here about August 1, and will then build a home in Redondo. He was here last summer when he bought several lots and built four modern cottages. Mr. Tatlow for the past twenty-five years has been proprietor and editor of the Holden (Mo.) Enterprise, but he has decided to give up the newspaper and come to Redondo to live. Redondo people will be glad to welcome Mr. Tatlow and his family here.

We will give you value received for every dollar spent with us, and 10 per cent discount if this adv. is presented. Examinations absolutely free. Painless extraction. Lady attendant. Bowman Dental Co., 351 S. Broadway, Los Angeles. D. J. Merrick, mgr. 39-1f

### ENGAGEMENT OF POPULAR YOUNG WOMAN ANNOUNCED

Mr. and Mrs. Jabez Moore of The Garland announce the engagement of their daughter, Miss Gertrude Moore, to Mr. Elmer Voris Chambers, of Chicago.

The wedding will take place some time in October.

Miss Moore came here from Chicago last summer and since then has made a host of friends in Redondo and Los Angeles by her winning ways. She is a graduate from the Training School for Nurses of St. Luke's Hospital, Chicago.

Mr. Chambers is Pullman conductor on the Golden State Limited, running between Los Angeles and Chicago.

### VISITED THE GEORGIA.

Mrs. L. F. Wells chaperoned a party of young women to Long Beach where they were the guests of Mr. Kimball, aboard the Georgia at luncheon. The members of the party were Mrs. F. L. Perry, Misses Winifred, Mamie and Elizabeth Sands, and Miss Stewart.

### SCHOOL GIRLS SANG.

A pretty diversion at the dance Monday evening was the singing of eleven High School girls. The young ladies gowned in white and carrying flags, sang "My Yankee Sailor Boy," and in response to a hearty encore sang "The Star Spangled Banner."

### AGED LADY SPRAINS ANKLE.

Mrs. M. E. Peterkin, an aged lady living at Pico Heights, Los Angeles, slipped in some way while stepping from the landing to the barge at the wharf Tuesday afternoon, and severely sprained her ankle. She was taken in the wharf office and given the necessary medical attention and later sent to her home.

**THE MEN DOWN IN THE HOLD.**

(Note—When we visited the U. S. S. California, the first machinist conducted us all through the engineering works and when we saw the vast and intricate machinery it seemed to us that the four hundred in charge of the different departments held more responsible positions than any other men on the ship and received less credit for it.—The Author.)

We praise our noble admirals,  
Commanders of our fleets;  
Our captains and our ensigns, too,  
Perform most daring feats,  
And all unstinted honor give  
"The men behind the guns."  
None braver found in all the world  
Than these, our native sons,

Within our peaceful homes we rest  
Secure from all alarm,  
While mighty ships so bravely man'd  
Our coast shall shield from harm.  
Our hearts are filled with love and pride,  
For men and country, too,  
For well we know should need arise,  
The brave deeds they could do.

All cannot great commanders be,  
Some humble posts must fill,  
But they are just as faithful there,  
And work with equal skill,  
And when great deeds recorded are,  
The story will be told,  
Of true and trusted hundreds who  
Served well down in the hold.

Where can they need a quicker eye,  
To watch each tiny part  
Of all that vast machinery—  
The work of magic art?  
Or where should there be stronger hands  
Or minds more keenly trained?  
Without these, not one single ship  
Our shore would have attained.

From he who shovels in the coal,  
So grimly toiling there,  
To he who sends the messages  
Far flying through the air,  
Each one must do his part exact  
As those on deck o'erhead,  
And all the great achievements should  
Some glory on them shed.

While in the stress of battle grim,  
So far down there below,  
Men only obey orders given,  
They cannot see the foe;  
And should one man desert his post,  
Disaster to the fleet,  
And all on board the ships might come  
And bring on them defeat.

So while we're all hurrahing for  
Our sailors brave and bold,  
Give three cheers and a tiger, too,  
For the men down in the hold.  
—JESSIE.

**ONE EASTER MORN.**

(By E. H., aged 13 years.)

One windy day,  
Twelve little chicks  
Went out to play;  
Down in the meadow green,  
Down by the tiny stream,  
They peeped and pecked,  
At worms and specks  
Of dirt and grass,  
And O! how the wind did blow!

'Twas Easter day  
When they went to play,  
One morning so sunny and bright,  
When bunny's legs did feel so light  
As he carried the eggs  
That were painted so bright  
For the boys and girls,  
Their hearts to cheer,  
And then the wind did stop.

A little girl was wandering  
Down by the tiny stream,  
And there in the grass so green  
Stood the twelve little chicks so  
clean,  
All fluffy and round  
Like balls of down,  
An Easter gift were they  
On that bright Easter day  
From the God we love on high.

**FLEETING TIMES.**

Everything is "fleeting" at present. The clerks in Scott's store tie up the packages with a bowline knot; Postmaster Lewis is cancelling stamps with the blunt end of a marlin spike; Levi Carse has put a rudder on his cultivator, and G. W. Felts now signals the early morning car to Los Angeles with the "signal of distress," an inverted flag. "Ship ahoy!" shouts Barber Perrie, when his chair is empty, and Liveryman McCann has placed a binnacle in all his rigs. "Shiver my timbers" is heard on every side and we have all adopted the seaman's rolling walk. In fact the country has gone just a little daffy over the coming of the sailor boys—God bless 'em.—Artesia News.

**HIBBARD STORE ENLARGED.**

The Hibbard Hardware and Furniture Company has leased the rooms formerly occupied by the city offices in Masonic block and is now occupying the entire first floor of this block. With the additional room the company has now 5,400 square feet of floor space. The stock of this firm has been greatly increased, and a more complete line of carpets, furniture and hardware is now to be found at the popular store on the hill, which is now the largest in Redondo.

**AT THE THEATERS.**

**The Orpheum.**  
There is perhaps no other name better known to the theater goers of the United States than that of Charles E. Evans, who heads the Orpheum bill commencing next Monday matinee. For many years as the principal member of the firm of Evans & Hoey, he kept the country in convulsions with Hoyt's farce, "A Parlor Match," which enjoyed a popularity that caused it to outlast similar entertainments, on account of Mr. Evans' plan of always providing novelties and innovations. A graduate of the variety school, Mr. Evans has returned to that branch of theatricals, and in George Arliss' one-act comedy, "It's Up to You, William" he has one of the most successful offerings now before the public. Mr. Evans has developed from a farceur into a genuine comedian, with poise, uncton and originality. He has surrounded himself with an uncommonly clever company, and the presentation of his sketch is always accompanied with laughter that is loud and hearty. The Dunidan Troupe of cyclists are two boys and two girls who are said to be just a little better than any of their predecessors. Dunidan troupe do not depend entirely upon their wheels, but combine cycling and acrobatics in their act. Frederick Brothers and Burns offer a musical act with comedy trimmings. Bertha Pertina is one of the famous dancers of the French school, who makes her first American appearance with the Orpheum. Ida O'Day, Hoey and Lea, Daisy Harcourt and Master Gabriel remain another week.

**Grand Opera House.**  
Plays unending have been devoted to the woman who reforms and the difficulties that stand in her way as she endeavors to regain the straight and narrow path. This week the Ulrich Stock Company will try to show that a man has just as many obstacles to surmount. "Forgiven" is the name of the play, and it narrates the life story of Jack Diamond, who from a notorious gambler becomes an industrious and deserving pillar of society. Naturally he finds his course more irksome because of the meandering path he has followed hitherto, and the unforgetting and unforgiving world that recalls his past at the most inopportune moments. The woman in the case is the wife of the gambler, and the best that can be said of her is that she is like the women of Charles Dickens—just weak. "Forgiven" will be presented at the Grand with all the careful attention to detail that makes melodrama at the Grand different from melodrama at other theaters.

**ADVERTISED LETTER LIST.**

The following letters remain uncalled for in the Redondo postoffice for the week ending April 20, 1908: Arias, Sr. Raphael C.; Askland, Gus; Ballard, Charlie; Davidson, Mrs. Frank; Foledo, Sr. Santiago; Flores, Sr. Alvino; Gallegos, Sr. Estanislao; Jermstrom, Mr. Eric; Scott, Mrs. Minnie; Wong, Lu Yulu.  
L. J. HANNON, P. M.

**HERMOSA CASE DISMISSED.**

The case of E. H. McCullough vs. S. D. Loucks for assault with deadly weapon, which was given preliminary hearing before Judge W. P. Wells on Monday, was dismissed on the recommendation of Prosecuting Attorney Keyes, after about twelve witnesses had been heard.

The case was the result of a fight between McCullough, an employe of the Port Orient company, and Deputy S. D. Loucks, a brother of Robert G. Loucks, during the election at Hermosa Beach. McCullough accused Loucks of drawing a gun on him.
