FRATERNAL BROTHERHOOD

Redondo Lodge, No. 405, Fraternal Brotherhood, held its installation of officers Wednesday evening. Supreme President James A. Forshay of Los Angeles was the installing officer and the work was put on by the degree team of Los Angeles Lodge, No. 1.

The following officers were installed: President, L. E. Rettig; vice-president, Mrs. Isaac Simpson; chaplain, Mrs. E. J. Harlow; treasurer, Miss Elsie Cain; secretary, Clem Denton; sergeant, Reuben Harlow; mistress-at-arms, Miss Barnett; inner guard, Mrs. C. E. Harlow; outer guard, J. W. Davidson.

After the installation, refreshments were served and dancing was enjoyed.

ARROWHEAD WEDDING

Pretty Marriage Solemnized at the Club Rooms in Presence of Club Members.

One of the prettiest weddings that has taken place in Redondo for a long time was that of Miss Ida Bowman and Mr. Roy W. Heath, which was celebrated at high noon today. The wedding was distinctly an Arrowhead wedding and all of the arrangements were in charge of the members of that club.

The artistic little club house had been transformed into a veritable bower of flowers and greenery by the Arrowhead boys. The partitions were removed, throwing the whole building into one large room, the entire walls and ceilings of which were covered with graceful sprays of asparagus fern dotted with red and white carnations and numerous tiny incandescent lights. At one end of the room a bower of palms and flowers was arranged, under which the wedding party stood during the ceremony. A huge arrowhead of red and white carnations, in the center of which nestled two cupids heads, instead of the usual skull and cross-bones of the club's insignia, formed an effective background for the bridal party.

Just at 12 o'clock Rev. F. A. Ziegler, the bride and groom and Miss Adelaide Barkley and Mr. Louis H. Heath, the attendants, entered the club room and took their places under the bridal bower. The Methodist ring ceremony was read by Rev. Mr. Ziegler.

The bride, a beautiful young girl of the brunette type, wore a traveling suit of Copenhagen blue cloth with a white leghorn hat trimmed in blue silk. She carried a bouquet of white carnations, as did her bridesmaid. Miss Adelaide Barkley, the charming little bridesmaid, was becomingly gowned in dark blue silk and a large [illegible] colored hat.

The [cer]emony was witnessed only by the immed[iat]e relatives and the boys of the Arrow[head] club, who wore the club costume of kha[ki] s[uits] and red neckerchiefs.

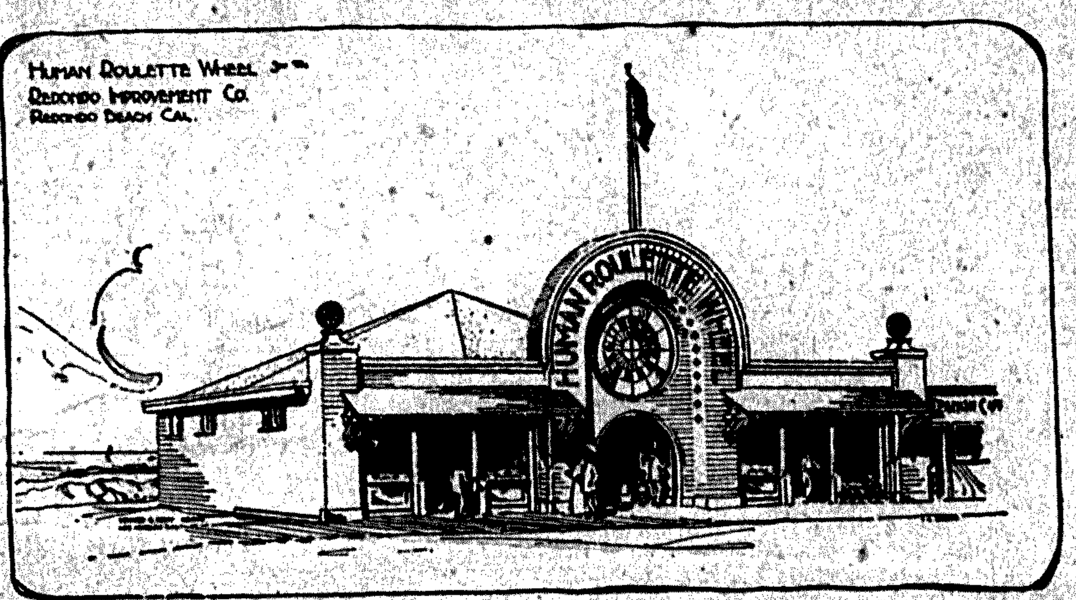
After congratulations were te[nde]red the young couple, the party rep[aire]d to the home of the groom's mo[ther], Mrs. E. V. Heath, and a wedd[ing] breakfast was served. The din[ing] room was prettily decorated with re[d] carnations and asparagus fern. Th[e] table was arranged with a tall center-piece of red carnations and strands of the ferns were festooned from the chandelier to each corner of the table.

Those present were Mr. and Mrs. Heath, the bride and groom, Mrs. E. V. Heath, Mr. and Mrs. Ernest Heath, Louis Heath, Rex Heath, Mr. and Mrs. H. E. Aiken, Mr. and Mrs. T. B. Whiteside, Miss Adelaide Barkley, Miss Ollie Whiteside, Rev. F. A. Ziegler, Earl Whiteside, Albert Lerch, Wilson and Merton Albee, Frank Baldwin, Raymond Hewitt, Clinton Seccombe, John Wolfskill, Gordon Grassel, Alfred Moore, Edward, Elwin and Everett Lechner.

The bride was presented with a handsome gold watch by her husband and Miss Barkley was given a gold hatpin by the groom.

Mr. Heath and his bride left for Los Angeles Thursday afternoon and will depart on the Santa Fe at 8 o'clock this evening for a month's trip through the East to Niabara and other points. They will be at home after August 15 to their friends at their residence on Garnet street.

Upon leaving for Los Angeles the suit-cases of the bridal couple were missing, but they were assured by the Arrowhead boys that the siut-cases would be at the Santa Fe station in Los Angeles, although in what condition can only be a matter of conjecture.



Human Roulette Wheel—New Amusement Feature to be Opened Saturday.

NEW MANAGER AT EDISON ELECTRIC OFFICE.

F. B. Martin, manager of the local office of the Edison Electric Company, has been promoted to the position of manager at Santa Ana. Mr. Martin has been manager of the local office for the past two years and by his courtesy and efficiency has won many friends in business and social circles. Redondo people greatly regret the departure of Mr. and Mrs. Martin. Mr. Martin left Thursday to assume his new duties, and Mrs. Martin [will j]oin [h]im July 10.

Walter M. McKnigh[t] has been appo[in]ted manager to succeed Mr. Martin. Mr. McKnigh[t], who comes here from [P]omona, w[he]re he was district foreman, [is] highly recommended, and is a very pleasant gentleman. He will remove h[i]s family to this city in a few days.

SPANISH GARDENS SOON TO BE COMPLETED.

Workmen are busy completing the attractive Spanish Gardens which are to be a new feature at Hotel Redondo this season. Completely [ci]rcled by pine trees a pretty spot in [th]e hotel grounds just north of the h[otel] building is being converted into the [Sp]anish Gardens. A low concrete [building] of the Spanish architecture is being erected and here a truly Spanish dinner will be served each Saturday and Sunday commencing July 4th.

TENT CITY PLEASES H. E. HUNTINGTON.

H. E. Huntington and G. C. Ward, assistant manager of Mr. Huntington's land interests, were in Redondo on Tuesday and visited the new Tent City. Mr. Huntington expressed himself as highly pleased with the new venture and said he had no idea so extensive improvements could be made as had taken place in the park within so short a time.

COMMENCEMENT AT GARDENA.

The third annual commencement of the Gardena High School was held last Thursday evening. The graduates were Edith Ely, Verena Sealey, Ruth Graham, Marie McMillan, Arthur Gardiner, Joy Carrell, Howard Allen. J. B. Moriux, deputy superintendent of schools, made the address of the evening. The class gave a Goldsmith play, "She Stoops to Conquer," arrang[ed] in three acts.

BEGGS—SCHULTZ.

The new residence of Mr. and Mrs. A. J. Schultz at Ash, northwest corner of Julian street, Highland Park, was the scene of a pretty wedding Wednesday evening when their daughter, Miss Pearl Dell, and Mr. Albert W. Beggs of Redondo were united in marriage. The ceremony was performed in the presence of about fifty relatives and friends of the bride and groom.

Miss Maude Schultz, sister of the bride, was bridesmaid and Mr. Charles Stetson of Los Angeles the best man.

A reception and wedding supper followed the ceremony, after which Mr. and Mrs. Beggs left for a honeymoon trip to San Diego. They will be at home to their friends after July 15th at 217 North Catalina avenue.

The bride is a charming young lady and has often visited in Redondo, where she will be warmly welcomed by Mr. Beggs' many friends. Mr. Beggs, who is cashier for the Los Angeles & Redondo railway company, has lived here for several years, in which time he has made many friends who extend congratulations.

HARRY MOORE SPRINGS SURPRISE ON HIS FRIENDS.

Friends in this city were surprised to receive cards announcing the marriage of Miss Lanta Roundtree to Mr. Harry T. Moore, which took place on Saturday in San Bernardino. The young people kept the news of their marriage a secret from all except the immediate relatives until after the ceremony. Mr. Moore and his bzride went to Arrowhead Springs after the marriage and will be at home to their friends at 1424 Connecticut street, Los Angeles, after July 10.

The bride formerly lived in New York, but for the past year has made Los Angeles her home.

Mr. Moore is a son of Mr. and Mrs. Jabez Moore of this city, and is employed with the Union Ice company of Los Angeles.

The Redondo friends of both the bride and groom join best wishes for a long and happily wedded life.

DINNER FOR BRIDAL PARTY.

DOINGS OF TRUSTEES

Contract Awarded to Gamewell Company for Fire Alarm System—Curfew Ordinance.

The board of city trustees held an adjourned regular meeting on Tuesday evening, all members being present. Quite a lot of work was accomplished in the short time of the session.

The special committee named at the previous meeting to investigate the bid for installing a fire alarm system reported that while other systems than the Gamewell could be secured for less money, the committee could not recommend any of them.

An ordinance establishing the grade of Pearl street from Catalina avenue to Francisca avenue was introduced and approved. It appears in this issue of the Reflex.

A petition bearing the signatures of a majority of the property owners of the district asked the improvement of Pearl street within the limits between Catalina and Elena avenues under the ten year bond act. The city attorney and engineer were instructed to draw up the necessary papers to proceed with the improvement asked.

A petition from residents in the vicinity of Helberta avenue between Garnet and Opal streets, requesting the installation of a fire hydrant in that section, was read and referred to the fire and water committee.

The clerk reported the receipt of several copies of dog license and building ordinances from various neighboring cities. The copies of the dog license ordinance were referred to the license commitee, and the building ordinances to the committee of the whole.

The matter of walks, lawn, etc., for the city hall grounds was brought up, and after considerable discussion it was decided to have tne street superintendent do the necessary work under the supervision of the city engineer. The work involves some 300 feet of 8-foot sidewalks, grading for lawn, etc.

The curfew ordinance was given its second reading, approved and adopted. It appears in another column in this issue and is now a law.

After some wrangling over an old letter from Woodill & Hulse Electrical Co., of Los Angeles, giving an approximate estimate for installing a bell striking apparatus, the bid of the Gamewell Fire Alarm Co. for an automatic striker, one alarm box and three keys, for $900, installed complete, was accepted, by a vote of 3 to 2, Messrs. Cleveland and Graham voting no.

The committee appointed to inspect the team of horses offered under the call of bids of last week, reported that the team was not suitable for the purposes desired, and the bid was rejected.

The board then adjourned to the next evening, Wednesday, to consider the plans and specifications for the pumping plant and outfall line for the sewer system.

Wednesday Evening.

On Wednesday evening there were but three members present, Messrs. Barkley, Hess and President Lechner.

The city engineer was authorized to establish the grade of Beryl street from Guadalupe avenue easterly to the easterly city limits.

Two demands were audited and ordered paid, one for $10 for a flag for the city hall, the other for $1,[illegible] a payment due the California Ornamental Brick Co., for the balance of work done, excepting the final payment of 15 per cent of the total work.

Adjourned. The next meeting will be held Monday evening, July 1[illegible].

Mr. and Mrs. F. S. Imes and [illegible] son of Los Angeles will s[pend the] Fourth with Mr. and Mrs. [illegible]

NEWS OVER THE STATE

Items of Interest Culled From the Newspapers of Southern California.

Mrs. W. H. Smith has contributed to the Riverside Chamber of Commerce exhibit a cluster of perfectly white blackberries. In all but the color they are exactly like the berries they are supposed to be.

Twenty-five years ago the Los Angeles Society of Pioneers held its first picnic in Santa Monica canyon. In August the surviving members of that organization will celebrate the silver anniversary by holding a picnic in the same spot.

After considerable argument the supervisors of Los Angeles county have allowed $510.21 of the $1,200 asked for, as the unspent portion of the county road tax belonging to Inglewood. The Inglewood city attorney advised the acceptance of this amount rather than enter into expensive litigation.

As a token of their esteem, residents of Redlands, who are not members of the Catholic church, presented to Rev. Father Thomas J. Fitzgerald a hand some silver loving cup, Wednesday, on the occasion of the silver jubilee of his ordination. Father Fitzgerald has been in charge of the Redlands Catholic church for sixteen years.

Colonel F. J. Hoyt and F. W. Hammett of Redlands have organized the California Washed Gravel and Metal company, with a capitalization of $1,000,000. The company owns the patents for a machine for putting rock, gravel and sand on the market, and some extensive deposits of gravel and rock suitable for macadamizing and paving streets.

The Thirteen Clubs of the State, now three in number, wil hold their annual banquet and "things" in San Bernardino on July 3 and 4. The Thirteen Club idea originated among the legislators at Sacramento during the last session and the three clubs now organized have members all over the state. It's a fun club and the membership is limited to thirteen.

In addition to building a Catholic church at Beaumont, to cost about $4,000, is is announced that Bishop Conaty has under consideration the establishment of a hospital to be conducted under the supervision of the Catholic denomination. Recently three Sisters of Mercy passed a few weeks in Beaumont for rest and recuperation from illness, and found the climate so healthful they recommended the establishment of the hospital.

In anticipation of the shipment of the apple, pear and prune crop many fruit buyers from Los Angeles are in Beaumont valley contracting in advance for those products. The competition has resulted to the advantage of the growers and prices are advancing. Bartlett pears will bring between 3 and 4 cents a pound, and the average production will exceed [illegible] tons. Pear raising in Beaumont is particularly advantageous, as the trees are not noticeably bothered with blight, which has been the bane of pear raisers in many other localities.

The property of the Monadnock Lime and Cement company at Victorville was sold at sheriff's sale Tuesday to satisfy a judgment of $1,475. This company was founded by Abe Reuf and Eugene Schmidt just after the fire, to supply building material for the rebuilding of San Francisco. Much money was spent on the proposition, and it was about ready to run extensively when the graft prosecutions interferred and money was not forthcoming, hence the sale this week.

Varied styles in hair dressing made Rt. Rev. Bishop Conaty's duties at the Immaculate Heart Convent graduating exercises at Hollywood a little difficult. Part of the program consisted in placing on each of the bowed heads of the ten graduates a wreath of laurel, and it took some engineering on the part of the reverend gentleman to make some of the wreathes fit over pompadour or puffy hair ribbons.

A Pasadena man recently mailed to Mark C. Cohn, chief clerk of the city building department of Los Angeles, two bills of $2 each. The letter with the bills stated that the writer had taken out four permits for houses to cost $1000 each although he knew they would cost $1200 each. Lately he has been converted and felt it his duty to pay the money due on the permits.

More than 2000 acres of land lying between Barstow and Daggett, south of the Santa Fe main line, has been located by seven men and women as oil lands. They assert their intention of installing a rig and exploring the first 3000 feet anyway. There is no stock for sale and no more partners are wanted. Some of the locators are oil experts and feel confident of success.

Help for Those Who Have Stomach Trouble.

After doctoring for about 12 years for a bad stomach trouble and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Folsom, Iowa. This medicine is for sale by O. P. Brady, druggist. Samples free.

SUIT HAS BEEN FILED AGAINST W. F. BOTSFORD.

The Los Angeles Examiner has the following concerning a suit brought against W. F. Botsford, a well known summer resident of Redondo:

W. F. Botsford, president of the American National bank and a director of the Vallejo, Benicia & Napa Valley railway, is accused of a conspiracy to defraud in a suit filed by John Cross, a stockholder in the railway. Cross asks that a receiver for the road be appointed.

The complaint alleges that Botsford negotiated the sale of the Vallejo, Benicia & Napa Valley line to the San Francisco, Vallejo & Napa Valley Railway company, of which he is also a director, for $50,000, whereas it is claimed the property is worth $500,000. Associated with Botsford in the directorate of the Benicia and Napa Valley company are W. H. Blennerhassett, Elmer E. Cole, A. L. Hawes, C. E. Crary and C. M. Wood. The directors of the competing company, besides Mr. Botsford, are C. N. Hatch, Z. J. Hatch, L. J. Perry and John T. York.

Cross avers he owns forty-eight shares of stock in the Benicia-Napa Valley company worth $48,000, and fifteen bonds appraised at $15,000. He says the company has a contract with the Monticello Steamship company to transport the passengers from San Francisco to Vallejo and return, and that the contract will not expire until July 1, 1910. He maintains the two rail lines parallel each other in places, are in competition at the principal points and that the sale was arranged simply to give the San Francisco, Vallejo & Napa Valley railway control.

In asking that a receiver be appointed, Cross prays for the issuance of a temporary restraining order on the ground the directors otherwise will dispose of holdings of the corporation and thereby relinquish valuable assets and render the stock useless.

Over Thirty-Five Years.

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by O. P. Brady, druggist.

The company is described by one of the critics as better than the majority of companies playing musical comedy at the Mason. "The Rounders of the Gay White Way" is the best thing in musical comedy that has ever reached Los Angeles. It is musical comedy in its best sense. The seventeen musical numbers listed on the program are interspersed with comedy of the rapid ...re variety that keeps everyone in good humor from start to finish. So strong has been the demand for seats that the piece will be given for a second week commencing Sunday, July 5th.

THURSDAY, JULY 2, 1908.

Bills are out announcing a socialist address for the evening of July 8th. The local socialists have perfected an organization and active propaganda work will be conducted.

The political situation gradually becomes warmer. This week the Reflex has the announcement of Jacob Hein as a candidate for supervisor for the Fourth District, subject to the will of the Republican county convention.

The management of the Tent City are to be congratulated upon the decided stand they have taken regarding the management of the park and the lack of any objectionable features, such as often attend a tent city or camp. The first of the week two business men of Los Angeles rented a tent and later in the day it was noted by the management that they were intoxicated. The men were notified that they must give up the tent at once, and in spite of their protests and the fact that they were very quiet in their demeanor, they were not permitted to remain in Tent City over night.

FOR GOOD ROADS.

The bond election called for July 30 to carry out the ideas of the highway commission should be of interest to every citizen, and the proposition will undoubtedly receive hearty support in this part of the county. The proposed plan includes a highway from Los Angeles to this city and a connection from this city to the Wilmington road, and the completion of these roads means a great increase in the already heavy automobile traffic to this resort. The total cost to this city, it is stated, under the bond issue, will be in the neighborhood of $5,000, which sum, strung out over a period of forty years, means an insignificant increase in the tax assessment. The movement for good roads has become widespread, and Los Angeles county cannot afford to lag behind her neighbors in this respect.

FRED S. COX VISITS REDONDO.

Fred S. Cox of San Francisco called upon M. J. Hutchinson and other old Redondo friends Wednesday. Mr. Cox was a resident of Redondo in its infancy, his father, the late S. F. Cox, having been the first secretary of the Redondo Beach company twenty years ago, when the company purchased the land in this district and laid out the town. At that time Judge Silent of Los Angeles was president of the company. Both Mr. Cox and Mr. Hutchinson took pleasure in recalling reminiscences of the early days of the town and noting the changes that have taken place since that time when [illegible] to the beach.

AN UNFORTUNATE AFFAIR.

The trouble that arose over the award of a contract to the Gamewell Company for a fire alarm system, at the meeting of the board of trustees Tuesday evening is a matter to be deplored, no matter from which side it is viewed. Mr. Cleveland claimed that the figures quoted by the company were high, and offered to prove his contention if twenty-four hours' delay be taken in awarding the contract. Mr. Cleveland made the mistake, however, of withholding his information from the committee appointed to investigate the prices, and of not presenting his information to the board previous to the public meeting. His action of holding his information to the very moment of the vote on the matter, together with his talk of injunction proceedings, undoubtedly angered the majority members of the board and caused them to take the action they did in awarding the contract against his request, when had the matter been properly broached to them there is no doubt they would gladly have given the extension of time requested. More consideration of the rights of the individual members of the board, on both sides, would add greatly to the peace and harmony of the public meetings.

TENT CITY POPULAR.

Tent City is rapidly filling up and so many calls have been made for kitchen tents that it was found necessary to order additional ones. Ten more kitchen tents were received Thursday by the management. Thursday morning twenty-seven applications for tents for the Fourth had been received and more are coming in all the time, which indicates a large crowd for Redondo for the Fourth.

Up to date, the following have registered at Tent City: R. B. Cole, San Diego; Mr. and Mrs. Tom Darnell, Chihuahua, Mex.; Mr. and Mrs. J. N. Balderchweiler, Fillmore; Harry Horsfall, Lilly Horsfall, H. L. Horsfall, Juanita Horsfall, Colorado Springs; E. Horsfall, Redlands; Mr. and Mrs. E. C. Thomas and family; E. Brown C. E. Baetz and wife; Storhart James, M. Dana, L. J. Dellone, Mr. and Mrs. Arthur Cardwell, C. Hupperbraud, of Los Angeles; P. J. McNally, Altadena; Mr. and Mrs. F. L. Al Christy, a popular member of the Redondo Beach Athletic Association water polo team, and well known as a life guard at the plunge, had the misfortune last Sunday to get a toe caught in the machinery at the wave power plant, and suffered the loss of the toe in short order. He is under the care of Dr. McMillan.

THE WEDNESDAY CLUB.

Mrs. J. P. Luxford was hostess of the Wednesday club this week. Sweet peas and asparagus fern made a pretty decoration for the living room, where the guests engaged in fancy work. Later, when luncheon was served the guests were invited into the dining room where the color scheme was blue. The center piece of the table was blue ragged robins and asparagus fern and this combined with the old fashioned blue china made an inviting table.

Miss Mary Parker was voted a member of the club.

It was arranged to give a "wiener roast" at Hermosa Beach next Tuesday evening in honor of Mr. and Mrs. F. B. Martin, who leave July 10 for their new home in Santa Ana.

FOURTH OF JULY DISPLAY

An attractive "Fourth of July" window is displayed at Helen Huston's millinery establishment on Benita avenue. The center of the unique display is the Edison phonograph and the window is well worth seeing.

In consideration of the excessive expense of doing business, we, the undersigned grocery and meat merchants of Redondo Beach, have agreed to discontinue soliciting. We endeavor by this method, not only to reduce our expenses, but to give the public better service. But to obtain good results we ask our customers to co-operate with us by placing their orders early, either by phone, in person, or the day before when their goods are delivered.

GROCERS TO DISCONTINUE SOLICITING TRIPS.

Commencing Monday, July 6th, all grocers of the city will cease to make soliciting trips to the houses of their customers for orders. This movement has been agreed upon by all of the grocery dealers of the city in order to save time and the expense of extra help for the purpose of soliciting. With the new arrangement orders for the succeeding day will be taken at the time of the delivery of an order. In this way the grocer is saved an unnecessary trip.

Another innovation was made in the firm of Chrisman & Chrisman on Wednesday when the business was changed from a credit to a cash basis.

BOND ELECTION.

The Board of Supervisors Monday issued the formal call for the good roads bond election to be held on Thursday, July 30. Regular polling places of the city and county were designated for the purposes of the election, at which the citizens of Los Angeles county will decide whether they shall issue bonds to the amount of $3,500,000 for road improvement within the county.

The chief protest was against the route of San Fernando road in preference to Calabasas road. Mr. Daggett, chairman of the commission, admitted that the Calabasas road was six and a half miles shorter than the San Fernando road, but added that the topogrphy of the former was such that its improvement would cost $357,000 more than the improvement of the San Fernando road, and for that reason the latter road was favored by the commission.

Kitchen Troubles and the Rem...

An error commonly made by ... owners is in underestimating ... sanitary equipment for the kitchen.

Only a few years ago it was considered good form to encase the sink in wood thereby concealing the trap, making it inaccessible and offering a place for the collection of filth and vermin. If this condition exists in your household, examine into it and learn the true state of affairs.

Do not lose sight of the fact that your food is prepared in the kitchen and the utensils in which it is prepared depend on the sanitary arrangements for cleanliness, therefore safeguarding against contamination of either food or utensils.

The most certain way to do this is to employ us to install a snowy white, spotless, clean, "Standard" Porcelain Enameled Kitchen Sink. You will find it a remedy for kitchen troubles.

SHIPPING IS HEAVY.

A great many steamers have been in this port in the past week and shipping has been brisk at the wharves, although there have not been many sailing vessels here recently.

The steamer Fairoaks sailed for San Pedro Friday, having discharged a cargo of lumber for the Montgomery & Mullin and the C. Ganahl lumber companies.

The steamer Santa Barbara sailed for San Francisco Friday and the steamer Phoenix sailed for that port the same day.

The steamer Capistrano, which had a cargo for the Los Angeles railway company, sailed for San Francisco on Saturday.

The steamer Brooklyn, which discharged a cargo of shingles for the C. Ganahl Lumber company, sailed for San Pedro Tuesday.

The steamer Melville Dollar with a cargo of 400,000 feet of lumber for the C. Ganahl Lumber company and the steamer Norwood with a cargo of 1,500,000 shingles for the Montgomery & Mullin Lumber company are now in this port.

The steamer Coronado and the steamer Fairmont are discharging their cargoes at Wharf No. 3 for the C. Ganahl Lumber company.

The steamer Maverick is at Wharf No. 1 discharging a cargo of oil for the Standard Oil company.

The steamer W. F. Jewett is reported three days out of Astoria bound for Redondo.

HARDWARE AND BUILDERS' SPECIALTIES
Kitchen Troubles and the Remedy
An error commonly made by home owners is in underestimating the ... proper sanitary equipment for the kitchen.
Only a few years ago it was considered good form to encase the sink in wood thereby concealing the trap, making it inaccessible and offering a place for the collection of filth and vermin. If this condition exists in your household, examine into it and learn the true state of affairs.

Do not lose sight of the fact that your food is prepared in the kitchen and the utensils in which it is prepared depend on the sanitary arrangements for cleanliness, therefore safeguard against contamination of either food or utensils.
The most certain way to do this is to employ us to install a snowy white, spotlessly clean, "Standard" Porcelain Enameled Kitchen Sink. You will find it a remedy for kitchen troubles.
